MEMORANDUM FOR THE RECORD

25X1

SUBJECT: Conversation with General C. P. Cabell, USAF (Ret.)
regarding Surfacing of OXCART Type Aircraft [Redacted]

In the early afternoon of 27 February, I was successful in getting in touch with General Cabell, although I was unable to see him personally, to tell him of the projected surfacing of an OXCART type aircraft this week-end. We were able to double talk the question on the telephone in general terms, and he expressed his appreciation for the information and said that he understood his role to be one of "no comment". He did add he hoped it would be possible to get a more detailed briefing after the release, perhaps sometime next week.
